

The **St Croix Falls Public Library** brings library service to over **5,650** people annually. In 2016, area residents borrowed **67,390** library items; from books to electronic resources to magazines, music and movies. The library is an information resource, helping people find answers to a multitude of questions. Library doors are open 49 hours a week, connecting people with ideas, information and one another.

The trend in libraries is moving beyond lending institutions to community education centers. 80% of Americans believe librarians should teach digital skills. At the SCF PL in 2016, we helped an average of 6 adults per week gain a broader knowledge of technology.
